**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a subscriber to Sonic fiber gigabit internet service which also provides telephone service. Their internet is reliable and fast and the price is less than what I was paying for slow Comcast service and poor telephone service from AT&T.

I get internet speeds 10 times faster and better telephone service with Robocall screening so I get fewer junk calls. I get free long distance and call forwarding which are all extra charges that I refused to pay for with AT&T.

Please do not let the big companies drive out their competition. I do not want any Price hikes.

I am a consumer who supports broadband competition. Stop the USTelecom petition and save competition.

Thank you.
